

모시는 글

안녕하십니까? 국내 저명한 선생님들과 약 200여명의 정형외과 선생님들을 모시고 성공적으로 치루어진 2008년 제4회 고관절 심포지움의 성과와 많은 성원에 힘입어 올해에는 더욱더 발전된 Hip Arthroscopy 분야와 더불어 Joint Preserving Procedure 분야에서의 새로운 트렌드, 그리고 최근 가장 이슈화 되고 있는 여러 흥미로운 주제들을 함께 논의해 보는 자리를 마련하였습니다.

특히 이번에는 Live surgery(Hip arthroscopy, Arthroscopic Treatment of FAI)를 준비하여 최근 토픽인 수술기법을 배울 수 있는 좋은 기회를 마련하였고, 심포지움 전날(17일, 금요일) Cadaver Workshop을 하루 종일 준비하여 고관절 분야에 관심이 많은 젊은 정형외과 선생님들이 고관절 관절경 술기를 습득할 수 있는 기회를 마련하고자 하였습니다. 여러 선생님들의 많은 참여를 부탁드립니다.

2012년 7월

황득수 드림

등록 안내

등록비

- Cadaveric Workshop (8월 17일, 금요일)
100만원 (2인 1조, 8개조 선착순 마감 예정, 17일 숙박비 및 Hip Symposium 등록비 포함)
- Hip Symposium (8월 18일, 토요일)
사전등록: 전문의 8만원 / 전공의 및 군의관 6만원 (8월14일 마감)
현장등록: 전문의 10만원 / 전공의 및 군의관 8만원

사전등록방법

아래 계좌로 입금하신 후 등록신청서를 작성하시어 Fax 또는 E-mail로 보내 주시기 바랍니다.

5th Cadaveric Workshop of Hip Arthroscopy

주최: 대한고관절관절경연구회

&

5th HIP SYMPOSIUM

Hip Arthroscopy & Joint Preserving Surgery of the Hip

주최: 대한고관절학회

- 일시: 2012년 8월 17일(금)~18일(토)
- 장소: 충남대학교병원
- 주관: 충남대학교병원
- 연수평점: 각 6점

5th Cadaveric Workshop of Hip Arthroscopy

August 17th (Fri.), 2012
Seminar Room, Ground 2nd floor
Daejeon Regional Cancer Center
Chungnam National University Hospital

10:25~10:30 Welcome & Opening Remark **Deuk-Soo Hwang, M.D.**

10:30~11:30 Introduction of Hip Arthroscopy **Manfred Lais, M.D.(Germany)**

11:30~12:30 Lunch & Move to **Cadaver Room** (250 m from seminar room)

12:30~15:00 **Approach to Central Compartment of Hip**
Manfred Lais, M.D., Deuk-Soo Hwang, M.D.

Classic approach, Possible pitfalls and tips for beginner
Labrum resection or repair, Rim trimming, Resection of ligament teres, etc

15:00~15:30 *Coffee Break*

15:30~17:30 **Approach to Peripheral Compartment of Hip**
Manfred Lais, M.D., Deuk-Soo Hwang, M.D.

FAI, Treatment CAM, Neck trimming, Synovectomy, Loose bodies, Iliopsoas tenotomy

17:30~18:00 Discussion

18:00~18:10 Closing Remark **Deuk-Soo Hwang, M.D.**

***Co-instructor;**
Dr. YJ Cho, YB Sung, YC Ha, KH Rhyu, KJ Oh, KJ Lee, SJ Lim, PS Kim.

5th HIP SYMPOSIUM

Hip Arthroscopy & Joint Preserving Surgery of the Hip

August 18th (Sat.), 2012
Auditorium, Ground 5th floor
Medical center for senior health care
Chungnam National University Hospital

07:30~07:50 On-site Registration

07:50~08:00 Welcome Address & Opening Remark

Session I. Painful Hip - How To Diagnose the Cause?
Jun Dong Chang, M.D., Yerl Bo Sung, M.D.

08:00~08:08 History & P/E - Intra-articular & extra-articular **Young Ho Cho, M.D.**
08:08~08:16 X-ray, CT & MRI **Tae Young Kim, M.D.**
08:16~08:24 US **Pil Sung Kim, M.D.**
08:24~08:35 Discussion

Session II. Basic Hip Arthroscopic Technique
Joong Myung Lee, M.D., Ye Yeon Won, M.D.

08:35~08:40 Position & portals - Arthroscopic anatomy **Kwang Jun Oh, M.D.**
08:40~08:45 Distraction tips with distractors **Kyung Soon Park, M.D.**
08:45~08:50 Basic technique & complications during establishing portals
Kyung Jae Lee, M.D.
08:50~08:55 Capsular release - How? **Myung Sik Park, M.D.**
08:55~09:00 Central or peripheral - First approach? **Yong Chan Ha, M.D.**
09:00~09:05 How to enter the hip without X-ray? **Pil Sung Kim, M.D.**
09:05~09:20 Discussion

09:20~09:40 *Coffee Break*

Session III. Osteotomy (Dysplasia)
Won Yong Shon, M.D., Taek Rim Yoon, M.D.

09:40~09:50 PARO - Indications, advantages & disadvantages, complications
Yoon Je Cho, M.D.
09:50~10:05 Patient selection criteria for rotational acetabular osteotomy (RAO)
& long-term outcome **Yuji Yasunaga, M.D.(Japan)**
10:05~10:15 Experience of the Bernese PAO with dual approaches
Jae Suk Chang, M.D.
10:15~10:30 Discussion

Session IV. Hip Arthroscopy
Young Min Kim, M.D., Youn Soo Park, M.D.

10:30~10:50 Arthroscopic technique for treatment of FAI
Manfred Lais, M.D.(Germany)
10:50~11:00 Discussion

Session V. My Cases of Hip Arthroscopy in Korea
Young Kyun Woo, M.D., Hee Joong Kim, M.D.

11:00~12:00 Korean doctors

Session VI. Live Surgery I (with Lunch)
Sang Won Park, M.D., Yong Chan Ha, M.D.

12:00~13:30 Arthroscopic osteoplasty of FAI **Manfred Lais, M.D.(Germany)**

Session VII. Developmental Abnormalities of the Hip (Pediatrics)
In Ho Choi, M.D., Hui Taek Kim, M.D.

13:30~13:38 Open surgical treatment for FAI in old children & adolescents
Won Joon Yoo, M.D.
13:38~13:46 C/R facilitated by arthroscopic debridement for DDH
- 3 cases reports **Ki Seok Lee, M.D.**
13:46~13:54 Pelvic osteotomy for developmental hip disorders
Tae Joon Cho, M.D.
13:54~14:05 Discussion

Session VIII. Asian Experience of Hip Arthroscopy
Sung Kwan Hwang, M.D., Young Ho Kim, M.D.

14:05~14:20 An overview of advanced surgical technique of hip arthroscopy
Soshi Uchida, M.D.(Japan)
14:20~14:35 Assessment & management for sports injuries of the hip
Yi Sheng Chan, M.D.(Taiwan)
14:35~14:45 Arthroscopic treatment for labral tear in Japanese patients
Takuma Yamasaki, M.D.(Japan)
14:45~15:00 Discussion
15:00~15:15 *Coffee Break*

Session IX. FAI - Cam & Pincer
Kwon Jae Roh, M.D., Han Seok Ko, M.D.

15:15~15:23 FAI - Concept, pathology & treatment option
Kee Haeng Lee, M.D.
15:23~15:31 Clinical outcome after acetabular labral tear **Yong Chan Ha, M.D.**
15:31~15:41 Arthroscopic treatment of acetabular labral tears
Yi Sheng Chan, M.D.(Taiwan)
15:41~15:49 Arthroscopic treatment of FAI 5~7 years F/U
Deuk Soo Hwang, M.D.
15:49~16:57 Does the change of ROM related to the cam resection?
Myung Sik Park, M.D.
16:57~16:10 Discussion

Session X. Osteotomy (AVN, OA)
Chang Soo Kang, M.D., Byung Woo Min, M.D.

16:10~16:25 Treatment of severe femoral head osteonecrosis
by posterior rotational osteotomy in young patients
Takashi Atsumi, M.D.(Japan)
16:25~16:35 Varization osteotomy of femur for AVN **Kyung Hoi Koo, M.D.**
16:35~16:50 Joint preservation procedure for terminal stage OA
Moritoshi Itoman, M.D.(Japan)
16:50~17:05 Discussion

Session XI. Various Conservative Hip Surgery
Kuen Tak Suh, M.D., Shin Yoon Kim, M.D.

17:05~17:13 Hip arthroscopy & ligament teres pathology
Yoo Sun Jeon, M.D.
17:13~17:21 Calcific tendinitis around hip - Application of hip arthroscopy
Kwang Jun Oh, M.D.
17:21~17:29 Treatment of synovial chondromatosis - Open vs arthroscopic
Seung Jae Lim, M.D.
17:29~17:37 Cartilage lesions - Application of PRP or stem cells
Gun Il Im, M.D.
17:37~17:45 Arthroscopic treatment of septic arthritis of the hip in adult
Young Kyun Lee, M.D.
17:45~17:53 Dysplasia - Is there a need for arthroscopy?
Kee Hyung Rhyu, M.D.
17:53~18:05 Discussion
18:05 Closing Remark
