2022 4th

Gwangju International Hip Online Symposium(GIHOS)

Date : Saturday, Dec 3rd, 2022. 14:00 – 18:00 PM
(Korean Standard Time, UTC+09:00)

Host : Chonnam National University Medical School and Hospital,
Department of Orthopaedics

Supervision : Honam Hip & Pelvis Society of Orthopaedic Surgery,
Industry Support Center for Convergence Medical Devices

INVITATION

Dear Colleagues,

Last year's symposiums were successfully concluded with your help.

The 4th Gwangju International Hip Online Symposium will be held on Dec 3rd (Saturday), 2022.

I am very happy as we can share our experiences about hip surgeries with international colleagues.

In this symposium, we have about 17 presenters from 5 countries. I hope you can enjoy sharing our surgical experiences and scientific knowledge.

Thank you again for your active participation.

Taek-Rim Yoon

PROGRAM

13:30-13:50 **Registration & Online Access**

13:50-14:00 **Welcome address**

Taek-Rim Yoon

14:00-14:48 **Session I. Difficult Cases of THA(I)**

Taek-Rim Yoon

(Chonnam National University Hospital, Korea)

Chan Chee Ken

(Mahkota Medical center, Malaysia)

14:00-14:12 THA on acetabular fracture

Dicky Mulyadi

(Padjadjaran University Hospital, Indonesia)

14:12-14:24 Strut Cortical Allograft Fixation for the Peri-Prosthetic Fracture (PPF) after THA

Kang-Sup Yoon

*(Chung-Ang University Health Care System
Hyundai Hospital, Korea)*

14:24-14:36 THA in spastic hip

Jae-Young Beom

(Chonnam National University Hospital, Korea)

14:36-14:48 Revision with cementless femoral stem and cortical strut allograft

Young-Yool Chung

(Gwangju Christian Hospital, Korea)

14:48-15:18 **Session II. Invited lecture**

Taek-Rim Yoon

(Chonnam National University Hospital, Korea)

Chan Chee Ken

(Mahkota Medical center, Malaysia)

14:48-15:03 Accuracy of acetabular cup positioning using imageless portable navigation during THA in the lateral decubitus position

Yoshinobu Uchihara

(Nara medical University Hospital, Japan)

15:03-15:18 Particle Disease Do ceramic bearings still matter?

Sang-Soo Lee

*(Hallym University Chuncheon Sacred Heart
Hospital, Korea)*

15:18-15:30	Coffee break	
15:30-16:18	Session III. Difficult cases of THA(II)	<p>Sang-Soo Lee (Hallym University Chuncheon Sacred Heart Hospital, Korea)</p> <p>Azlina Amir Abbas (University of Malaya, Malaysia)</p>
15:30-15:42	Custom made Acetabular component for Revision THR	Pradeepkuma Theeppainthan (Bumin Hospital Busan, Korea)
15:42-15:54	Revision THA using 3D printing implant after wide marginal excision	Taek-Rim Yoon (Chonnam National University Hospital, Korea)
15:54-16:06	Hip reconstruction after type II pelvic resection	Sun-Jung Yoon (Jeonbuk National University Hospital, Korea)
16:06-16:18	Periprosthetic fracture after THR	Azlina Amir Abbas (University of Malaya, Malaysia)
16:18-17:06	Session IV. Trauma	<p>Kang-Sup Yoon (Namyangju Hyundai Hospital, Korea)</p> <p>Dicky Mulyadi (Padjadjaran University Hospital, Indonesia)</p>
16:18-16:30	Crescent Fracture-dislocation of sacroiliac joint involving acetabulum: Reduction and fixation	Byung-Ho Yoon (Ehwa Womans University Hospital, Korea)
16:30-16:42	Anterior plating on atypical subtrochanteric fracture	Chae-Jin Im (Chonnam National University Hospital, Korea)
16:42-16:54	Failed Fixation in Intertrochanteric Femoral Fracture with Osteoporosis	Chan Chee Ken (Mahkota Medical center, Malaysia)
16:54-17:06	Treatment of femoral neck fracture	Kyung-Soon Park (Chonnam National University Hospital, Korea)
17:06-17:42	Session V. Miscellaneous	Kyung-Soon Park (Chonnam National University Hospital, Korea)
17:06-17:18	Primary Benign Osseous Tumor around Hip joint	Sung-Min Kim (Chonnam National University Hospital, Korea)
17:18-17:30	The Malaysian Society for Hip and Knee Surgeons	Khairul Anwar Ayob (University Malaya Medical Centre, Malaysia)
17:30-17:42	338 days in the Land of the Hornbills	Chang Chee Wei (Hospital Sungai Buloh, Selangor, Malaysia)
17:42-17:50	Closing remark	<p>Taek-Rim Yoon (Chonnam National University Hospital, Korea)</p>
