INVITATION

Dear Colleagues,

The 6th Gwangju International Hip Online Symposium will be held on October 6th (Friday), 2023.

We are very happy as we can share our experiences about hip surgeries with international colleagues.

Last symposium was successfully concluded with your help, and we hope that this year will be as successful as last. This requires a lot of interest and participation of you.

In this symposium, we have about 11 presenters in 4 countries. Especially, we will show live surgery about revision THA using 3D implant and MIS-2-inc THA with MAKO. We invite you to attend the 6th GIHOS. We are convinced it will be a valuable time to share our surgical experiences and scientific knowledge. We hope you will enjoy the symposium and look forward to seeing you in Gwang-Ju.

6th GIHOS Chairman **Taek-Rim Yoon**

Honam Hip & Pelvis Society Chairman **Young-Yool Chung**
